

## Outwood Primary Academy

Hello parents and carers, this half term your child will be learning about...

Y1

Weather

Weather

Seasonal Changes  
(Spring & Ongoing)

Plants

Seed to Plate  
(Start)

Christianity

Pets & Animals

Neighbourhood

Creative

Respectful

### Project Idea

Our Geography focus this half-term is Weather and we will be studying Weather in our Art work as well through printing!

You can choose what you want to do for your topic homework and how you want to present it, but here are some suggestions to get you started. Can you link your homework to another area of the curriculum?

*Maths*- Can you print different shapes using natural instruments

*English*- Create a weather report about different climates around the world

*Science*- Make a project about different types of weather and how these affect our world

*Art*- Produce a piece of work in the style of printing

*DT*- Can you make a weather instrument

*Geography*- Find out about different countries around the world and their climates

*History*- Create a portfolio with facts and pictures how weather has changed over time

*MFL*- Create a poster displaying different types of weather in French

*Music*- Perform a song about weather

*PE*- Perform a dance to weather sounds

Remember, you can choose what you want to do for your project and you aren't limited to just one idea. I'm looking forward to seeing your ideas and what you come up with!

Your homework needs to be in school on **Monday 18<sup>th</sup> March.**
