

Plants (Continue)	Monsters	Strange Creatures	Farm to Fork (Start)	Pets & Animals	Jesus: Back to Life	Neighbourhood	Resilient 1 (throwing & ...)	Respectful 4 (ball control, LUFC)	Diploma: High Aspirations

Project Idea

Our focus this half-term is Monsters! We will be learning how to sketch Monsters using water colours in our Art work and writing about Monsters in English. We will also be learning about plants in Science and the journey of food in DT.

You can choose what you want to do for your topic homework and how you want to present it, but here are some suggestions to get you started. Can you link your homework to another area of the curriculum?

- **Maths**- Create a poster of monsters made specifically from shapes.
- **English**- Write your own report for a new monster
- **Science**- Make a project about plants and everything they need to survive
- **Art**- Produce a poster of different monsters using water colours
- **DT**- Plant your own seeds at home and document their journey
- **Geography**- Create a map of our local area and add in some monsters
- **History**- Make a fact file about Johnny Duddle
- **MFL**- Create a poster about the different animals in French
- **Music**- Perform a song or compose your own
- **PE**- Create your own gymnastic routine using apparatus

Remember, you can choose what you want to do for your project and you aren't limited to just one idea. I'm looking forward to seeing your ideas and what you come up with!

Your homework needs to be in school on **Monday 18th March.**

Follow our class page to find out about the exciting work we're doing this year @OPAK_2RH
