Our Digital Leaders

"I like being a Digital Leader because I am interested in Computing." Laila, Year 2

"I wanted to be a Digital Leader because I like computing." Ollie, Year 3

"I like being a Digital Leader because I like helping people logging onto apps." Emily, Year 3

"I wanted to be a Digital Leader because I mam always on devices. I love my job because I like helping other people with computing around the school." Rosie, Year 4

"We like being Digital Leaders because we enjoy helping people during our Computing lessons." Niamh & Mohid, Year 5

Coming next half term...

In February, we will be preparing some activities for the rest of the children in school to take part in for Safer Internet Day. Watch this space!

What we have been up to so far...

This term, our Digital Leaders have joined lots of meetings to discuss what they can do in school over the course of the year.

They have been involved in conducting surveys in their classrooms to find out how often children use electronic devices at home. They have been finding out what children in their classes think about the work they have done in Computing this term. Our Digital Leaders also worked collaboratively with our Reading Ambassadors and visited different classes to remind children about the importance of reading and how to take their book quizzes.

Some of our senior Digital Leaders met virtually with the Digital Leaders at Outwood Primary Academy Newstead Green to tell them what they have been doing and to share ideas with them.

Helpful hints and links...

Please find some information & links below which our Digital Leaders feel would be useful for our parents & carers to know.

https://www.net-aware.org.uk/
You can sign up to their newsletter which will give you the latest online safety news, tips and advice straight to your inbox.

https://nationalonlinesafety.com/
They produce free online safety guides for parents. Their twitter feed is useful too!

https://saferinternet.org.uk/
Tips, advice, guides and resources to help keep your child safe online

https://www.thinkuknow.co.uk/parents/
This includes popular topics on how to help your child stay safe.

What children think about computing...

"I liked changing the choices of background on Google slides." Evie, Year 3

"I liked it when we made our own websites. Adobe Spark made creating websites so much easier." Harry, Year 4

"I liked computing because I got to be creative and have fun. I like Adobe Spark because I can make different fonts." Iris, Year 4

"I've liked Adobe Spark because it makes making websites easier. It is also amazing to do at home. I made a website about the Greeks." Joe, Year 4

"In Computing lessons, I have enjoyed learning how to create a website." Poppy, Year 5
