

# Outwood Primary Academy

Hello parents and carers, this half term your child will be learning about...

Y6

### Volcanoes:

What is a volcano?  
How are volcanoes formed?  
6 figure grid references  
Planning a trip  
Mt St Helens

### Andy Warhol:

Who is Andy Warhol?  
Pop art

### It's my business:

Business plans  
Designing a logo & marketing material  
Profit & loss

### Global Warming:

What is climate change?  
What can we do to prevent it?

### Akhirah:

Respect for God  
Akhirah  
Ghusl

### Making us happy:

Wake up!  
We shall overcome  
Down by the riverside  
You belong with me  
Dance the night away

### School & Home:

Cultural differences  
Clothing  
Opinions  
Constructing a short paragraph

### Physical education:

Rugby league  
Orienteering

## Project Idea

This half term, our geography topic is volcanoes! We will be learning about the events leading up to the eruption of Mount St Helens, learning about different types of volcanoes and how they are formed. We will be studying Andy Warhol and the pop art movement, and we will be looking at what we can do to stem the tide of global warming. We will even be setting up our own business in computing!

As an extra project, you could:

- Create a fact file for Andy Warhol
- Recreate a famous piece of pop art
- Create a newspaper report for the eruption of Mount St Helens
- Record a video to show people what they can do to prevent climate change
- Create a "Dragons Den" pitch for your own business

These are just some ideas, and not an exhaustive list – use your creativity to come up with your own ideas too! Our homework gallery will take place on Thursday 26<sup>th</sup> May, and I can't wait to see what ideas you come up with – you can even tweet our class account to show your progress!

Follow our class page to find out about the exciting work we're doing this year @OPAK\_Y6
