

## Outwood Primary Academy

Hello parents and carers, this half term your child will be learning about...

Y3

### Project Idea

This half term we will be focusing on a variety of different subject areas. These include The Animals including humans during Science lessons, contrasting localities in Geography, Painter David Hockney in Art and creating a superhero website in Computing. For this half-term's homework projects, you could complete any of the following:

#### **Projects –**

- A piece of pop art artwork (this could be a painting, sketch, etc.)
- A website on adobe spark based on a subject of your liking.
- Fact File about the human body.
- Design a lunch box that includes all the food groups.
- Create your own dance routine.

These are just a list of suggestions. Feel free to interpret ideas in your own way. We look forward to seeing your projects. Please ensure they are in school by Friday 20<sup>th</sup> October. We will share them on Wednesday 25<sup>th</sup> October at 2:30pm and parents/carers are welcome to join us.

Mrs Foster and Ms Leonard
