

## Outwood Primary Academy

Hello parents and carers, this half term your child will be learning about...

### Project Idea

Our main topic focus this half-term is Mountains. Through this we will also be studying Mountainous Scenery as our art work.

You can choose what you want to do for your topic homework and how you want to present it, but here are some suggestions to get you started. Can you link your homework to another area of the curriculum?

- **Maths**- Create a table which compares different mountains around the world
- **English**- Write a diary entry as a mountaineer scaling a mountain
- **Science**- Draw and label a life cycle of a living thing
- **Art**- Produce a piece of work that displays a mountainous scenery
- **DT**- Design and create a mountain from recycled resources
- **Geography**- Create a travel brochure for a mountaineer
- **History**- Present information about the first person to climb a mountain
- **MFL**- Rehearse a conversation in French
- **Music**- Write a rap about/with your friends
- **PE**- Create a Dance that shows the feelings at varying points of an individual climbing a mountain
- **Computing**- Create your own computer game

Remember, you can choose what you want to do for your project and you aren't limited to just one idea. I'm looking forward to seeing your ideas and what you come up with! We will have a homework afternoon in the last week of the half-term where children will be able to present their ideas.

Your homework needs to be in school on **Monday 23<sup>rd</sup> October**.
