

Parachutes

What affects the falling speed?

Jet engines

How do jets work?

Birds

How do birds fly?

Science Fair
2023-24

Aeroplanes

How do aeroplane wings work?

Paper planes

What is the best design?

Air Rockets

How do a launch to the greatest height?

Paper Helicopters

How do I get the slowest fall speed?

Bottle Rockets

How do a launch to the greatest height?

Flight in Sport

What launch angle gives the greatest distance?

Space Flight

How do we get into orbit?

Flying Dinosaurs

How did dinosaurs start to fly?

You use any of the ideas above or be creative and come up with your own question about flight.

You will need to collect information, investigate and then present your findings with passion.

Good luck, there's prizes!
