Diploma: International Citizen

## Project Idea

**During the last week of the half term, we will have a homework presentation afternoon in class – for the children only. Children will share their homework projects with the class, and have an opportunity to discuss what others have learnt about the topic. Please ensure all topic homework is brought into school by Monday 23rd October.**

**Children: below are a few suggestions – but please feel free to try something of your own!**

- Create a leaflet/Slides/website about a country of your choice in North America
- Make a poster/newspaper report about the gold rush
- Create some North America art (eg. totem pole, sketches of the Grand Canyon)
- Make a map with some 6 figure grid reference clues for someone to solve
- Write an information text about the different biomes in North America
- Research something interesting about our topic and present it in a creative way
- Research Carl Linnaeus and his classification system
- Design a new species of animal and classify it
- Conduct an experiment about mould.

**You can submit your homework in the following ways:**

- Written work (work/photos/pictures in your homework book)
- Presentation/website (digital submission via the google classroom)
- Tweet (via the class Twitter page @OPAK\_6SF)
- Sculpture/model (or a picture of these things)

Follow our class page to find out about the exciting work we're doing this year @OPAK\_6SF

I look forward to seeing/reading your fantastic work! Mrs Fozzard
