

Outwood Primary Academy

Hello parents and carers, this half term your child will be learning about...

Y4

Rural/Urban Migration

Living Things in their Habitats

William Morris

Protect and Respect the Environment

Apprentice Programming

Celebrations

All About Me

Recorders

Swimming

Project Idea

This term our main areas of study are: Geography, Science and Art. As well as this, our diploma for this half term is to Protect and Respect the Environment.

I would like you to complete a project based on the topics we have been exploring in school. We will share your homework projects with the rest of the class, and have an opportunity to discuss what others have learnt about the topic.

Below are a few suggestions – but please feel free to try something of your own!

Create a William Morris inspired piece of art – focusing on nature would tie into our diploma also!

Create a habitat suitable for the animal of your choice. E.g., a hedgehog home

Make a bird house/bird feeder?

Create a brochure persuading someone to visit Wakefield (or another place of your choice).

Keep a nature diary of all of the animals that you see visiting your home or plants around you that begin to grow

Design a computer game

You can submit your homework in the following ways:

Written work (work/photos/pictures in your homework book)

Presentation/website (digital submission)

Tweet (via the class Twitter page @OPAK_4LY)

Sculpture/model (or a picture of these things)

I can't wait to see your projects!

Please submit these by Friday the 2nd of February – I hope to be able to share some diploma projects in our assembly!
