

OPAK NEWSLETTER

25th September 2020

A big hello to everyone!

This newsletter aims to provide any updates, important links or information we think you may find useful at this time.

Entering School-Morning Routine

Because the children have entered the school building so well over the last few days due to the rain, we will continue with this set up from this point on. This will reduce waiting times on the playground and avoid any areas of unnecessary congestion. Children will be able to come straight into school when they arrive and go to their classrooms where their teacher will be waiting. They should enter through their usual door where staff will be on hand to guide them in.

Social Distancing

Thank you to our families for ensuring they are keeping their distance when entering the school site at the start and end of the day.

School Dinners

From Monday (28th) there will be a hot option on the menu for school dinners. The interim menu can be found on the school website.

School Website

A reminder that all updates and important information is on the school website. This includes newsletters and current risk assessments.

In the Covid section of the website, you will find lots of information about the systems currently in place at school.

There is also the school contact details which includes the enquiries email address if you have a query.

Uniform

Please ensure children are attending school wearing the correct uniform. There is a section on the school website which has our uniform policy and it is also in the childrens' planners.

Children should also be bringing a correct PE kit into school, which includes trainers. Optional PE kit for the colder months would be black joggers and a black top.
