

OPAK NEWSLETTER

23rd October 2020

@OPA_KHG

A big hello to everyone!

This newsletter aims to provide any updates, important links or information we think you may find useful at this time.

Risk Assessment

Following a recent update of guidance from the DfE, we have updated our school risk assessment.

As always, it can be found on the school website using the following link:

<https://www.kirkhamgate.outwood.co.uk/riskassessment>

If you have any questions for school, you can also find details of how to contact school using the enquiries email address.

Ventilation

One of the updates includes guidance regarding keeping school well ventilated. This will mean classroom windows will be open during the day to allow a constant airflow.

Children are encouraged to wear their jumpers/cardigans where necessary. You may want to allow children to layer up as we head into the winter months, for example wearing a vest as well.

Road Safety

A reminder about being safe when dropping your children at school and collecting them at the end of the day. Please ensure that you are parking in a safe place and using the pavements for your children to exit the car rather than the road.

Half term break

As we end our first half term back at school, we would like to thank you all for your continued support. We have had a brilliant start to the year and the children have returned happy with positive attitudes.

We hope you all have a lovely well-earned rest and most importantly stay safe.

Don't forget, you can keep us updated with what you get up to through our class and school twitter pages.
