Hello parents and carers, this half term your child will be learning about...

Y2

Bridges

Paul Klee

What is a Computer?

Caring for the environment

Islam

School & Home

Film, Pop & Musical

Investigate

Respectful

Project Idea

Welcome to our summer term! Our topic this half term is 'Bridges' and we will be completing a DT project to design and build a bridge. We will also be looking focusing on 'Caring for the environment' in Geography and thinking about how we can save local bees and hedgehogs. In Art, we will be studying the work of the famous artist 'Paul Klee' and using the technique of cubism to recreate some of his famous artwork.

Homework ideas

- Create a poster or presentation about saving the bees
- Create a hedgehog or bee model
- Create/draw a famous bridge
- Use shapes to create a piece of artwork
- Create a fact file on famous bridges
- Create a powerful video of why we should care for the environment

Please complete your homework project and bring it into school on the final Monday of term (22nd May).
